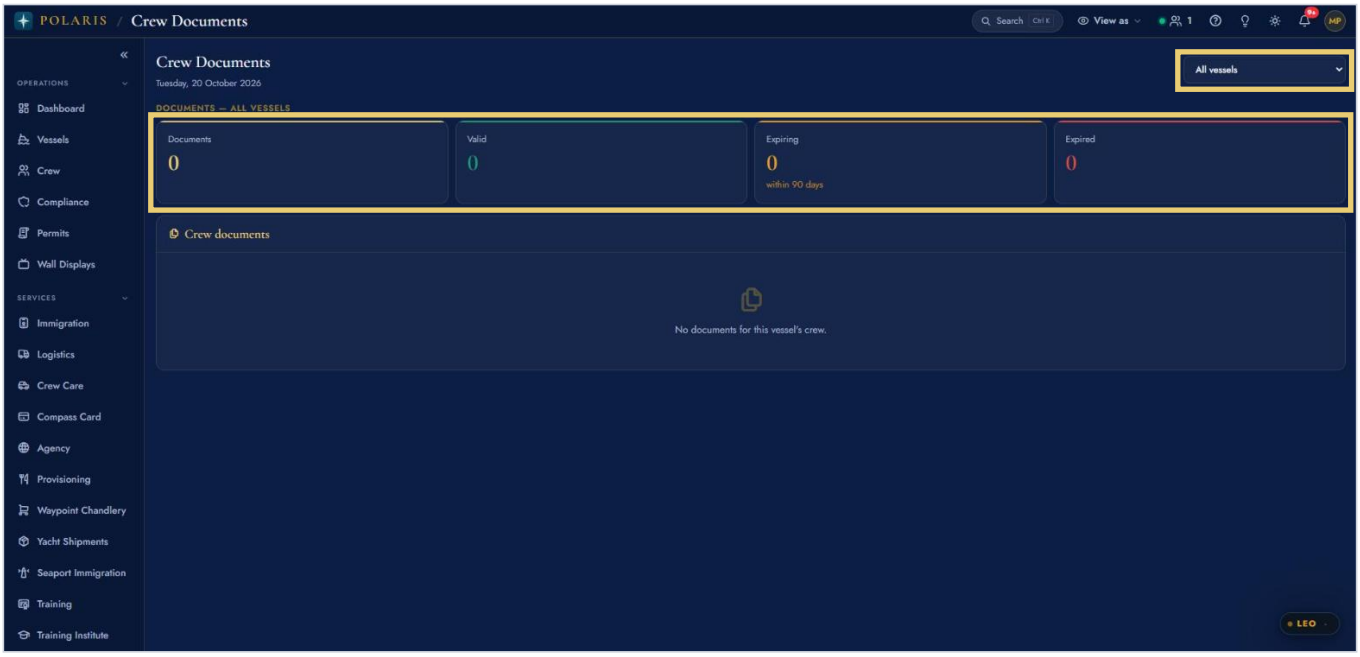
Check crew documents for expiry

1 steps · about 1 min

See which crew documents are valid, expiring within 90 days or expired, by vessel.

1 Open Crew Documents

Click **Crew Documents** and pick a vessel at the top right. The cards count documents that are **Valid**, **Expiring** (within 90 days) and **Expired**, and the list shows each crew member's document with its expiry date.



> **Tip:** Documents are added on each crew member's profile (Crew -> open the profile).
