Add a new permit

5 steps · about 4 min

Record a gate pass, navigation licence or any other permit and email it to the yacht.

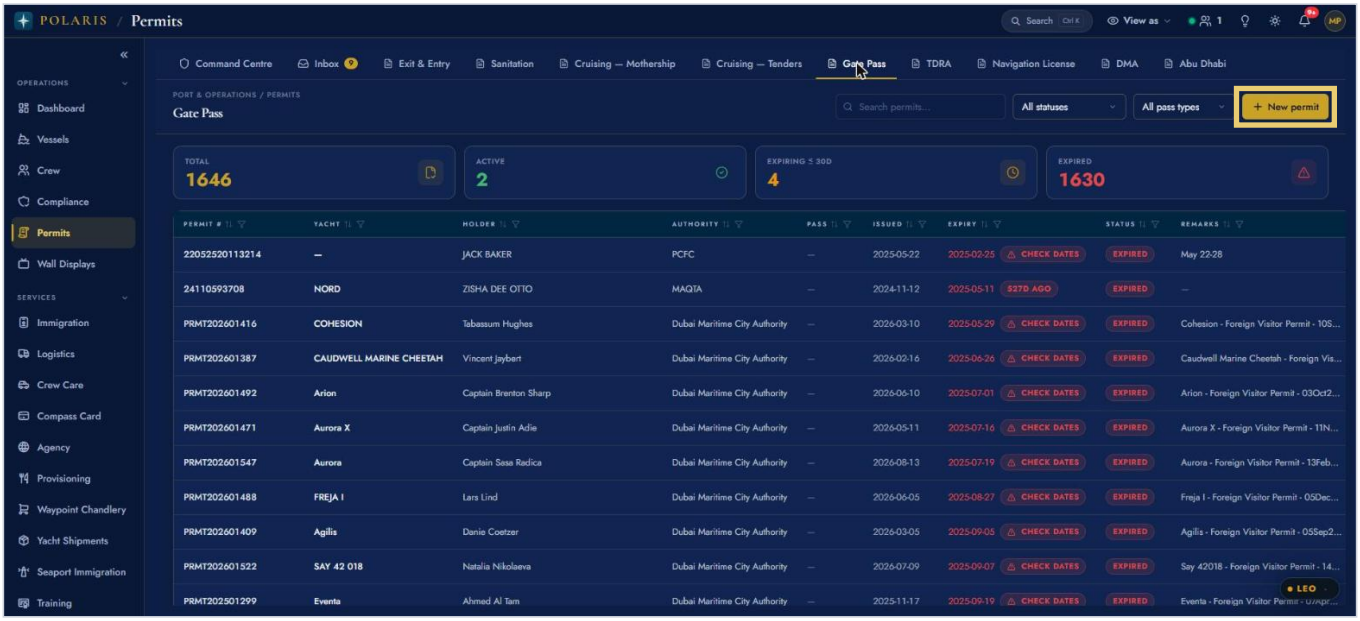

1 Open the permit type's tab

In **Permits**, click the tab for the kind of permit — for example **Gate Pass** or **Navigation License**. Each tab lists that type with Total, Active, Expiring and Expired counts.

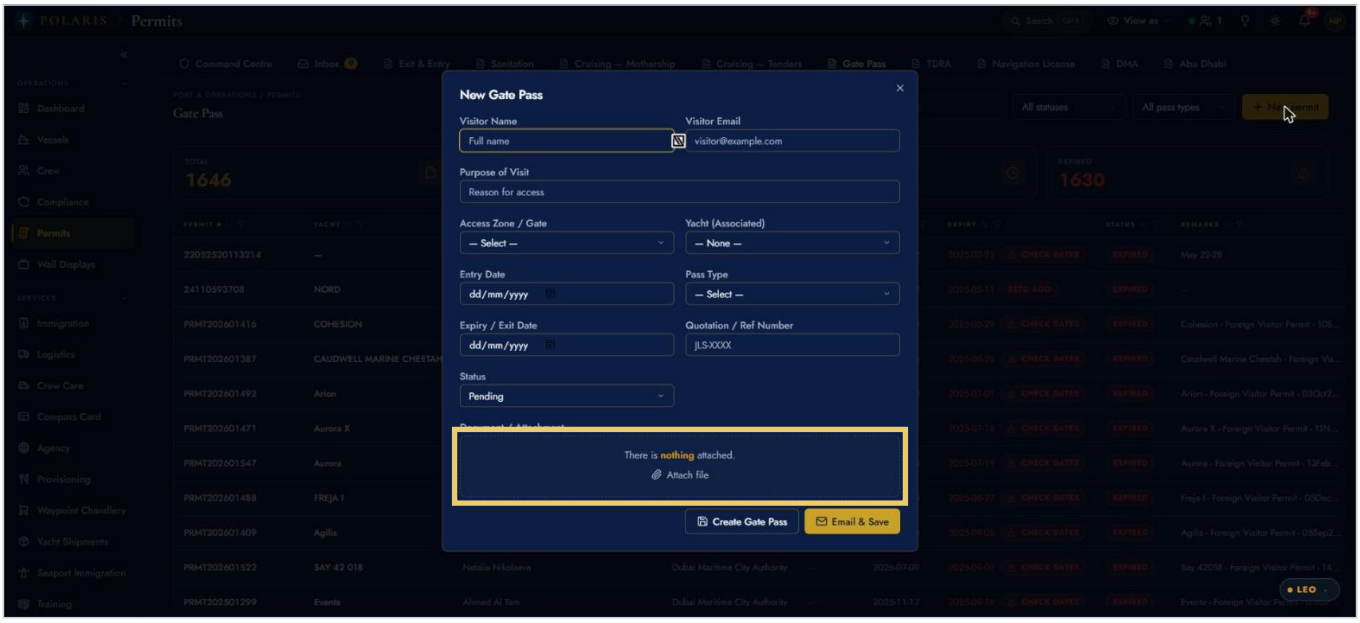

2 Click New permit

Click **New permit** at the top right. Each permit type has its own form with the fields that permit needs.

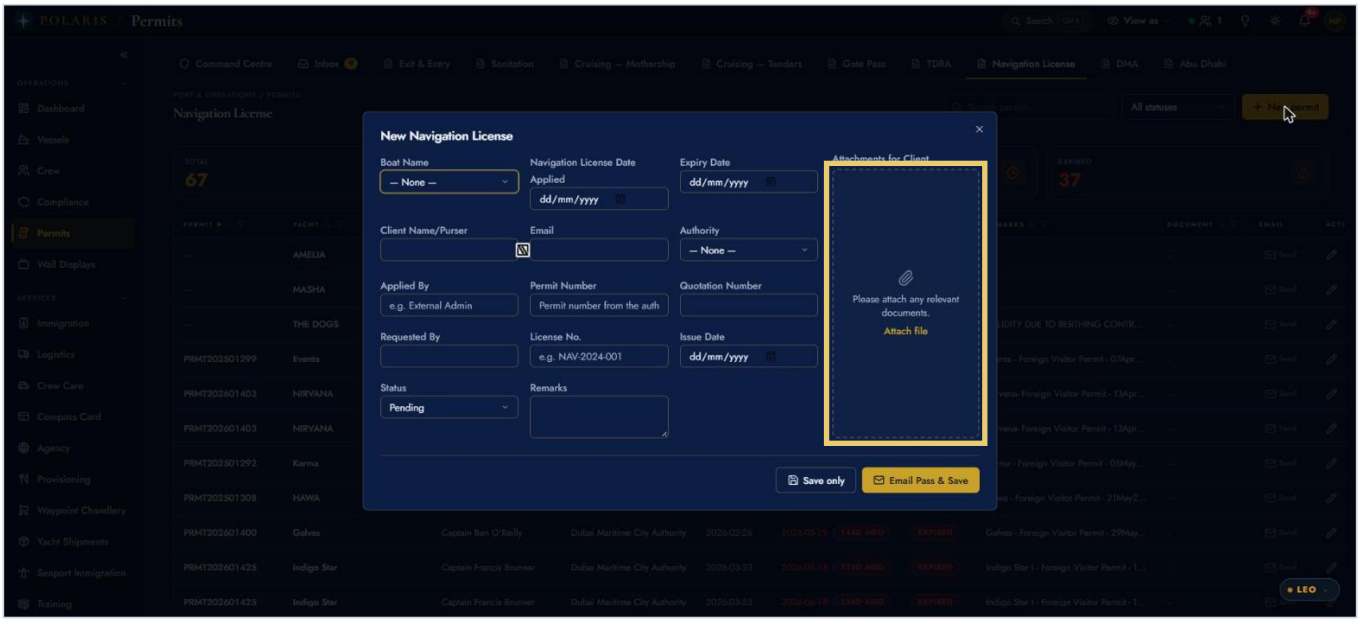

3 Example — Gate Pass

Enter the**Visitor Name** and**Visitor Email**, the**Purpose of Visit**, the**Access Zone / Gate**, the associated**Yacht**, the**Entry Date** and**Expiry / Exit Date**, the**Pass Type**, the**Quotation / Ref Number** and the**Status**. Use**Attach file** to add the pass itself.

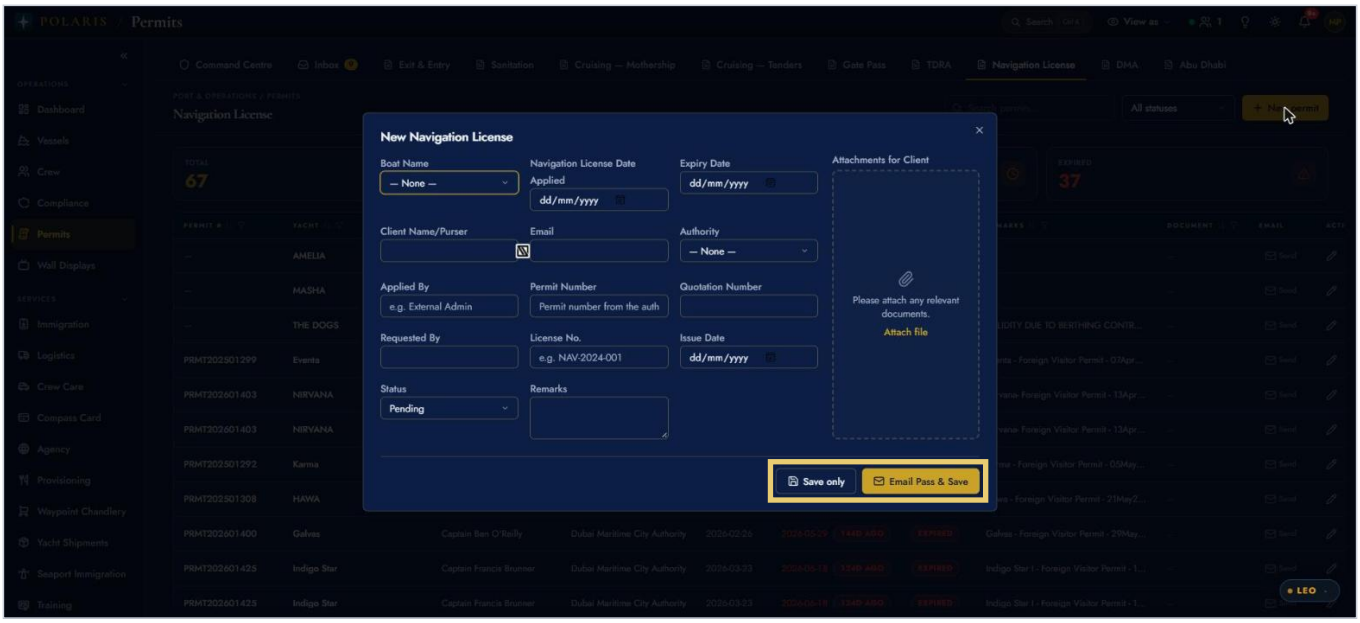

4 Example — Navigation License

Choose the**Boat Name**, then fill in the dates,**Client Name/Purser**,**Email**,**Authority**,**Permit Number**,**License No.** and**Status**. Drop the licence and any supporting documents into**Attachments for Client**.

5 Save, or email and save

Click**Save only** /**Create Gate Pass** to record the permit, or**Email Pass & Save** /**Email & Save** to also email it, with its attachments, to the client.

> **Tip:** Set the Expiry Date — permits without one show under "No Expiry Set" and get no reminders.
