Check invoices and what's outstanding

3 steps · about 2 min

See invoiced, received, outstanding and overdue totals, and find any invoice, pro-forma or quotation.

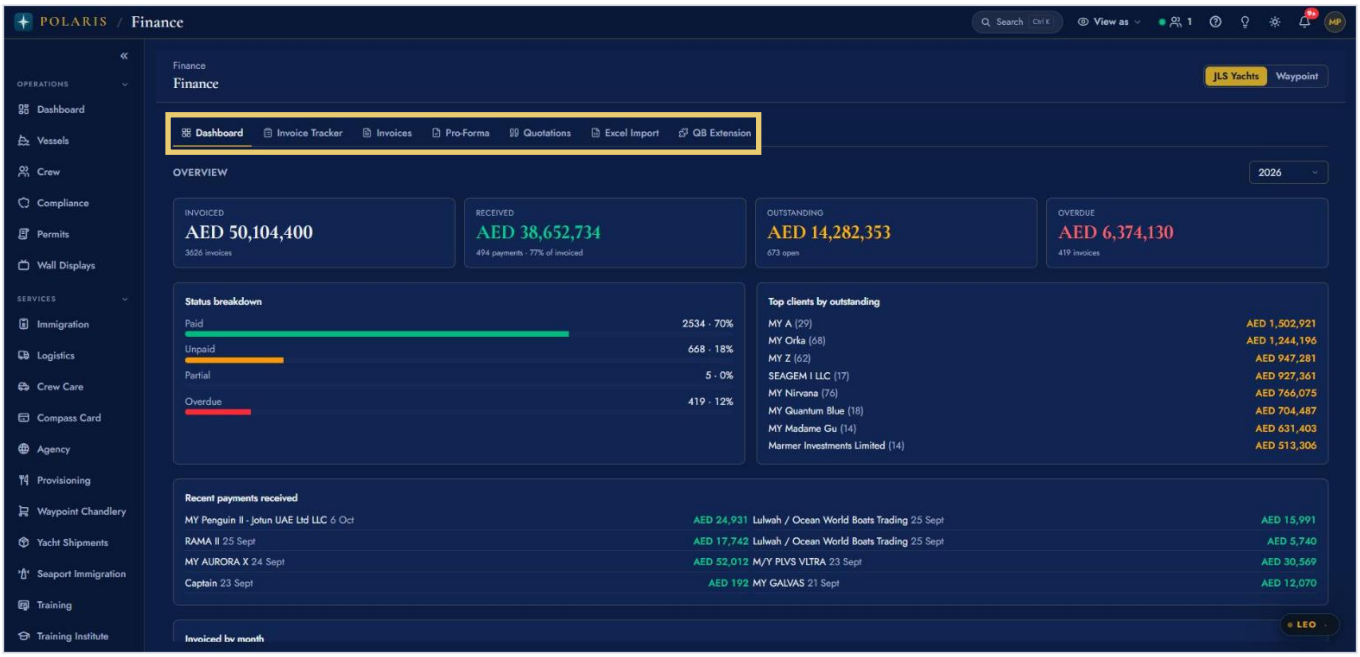

1 Open Finance

Click **Finance**. Choose the company at the top right — **JLS Yachts** or **Waypoint**. The **Dashboard** shows the year's **Invoiced**, **Received**, **Outstanding** and **Overdue** totals, the paid / unpaid breakdown, top clients by outstanding and recent payments.

2 Find an invoice

Open **Invoices**, **Pro-Forma** or **Quotations** and search by number, customer or vessel, or filter by vessel and status. The PDF icon opens the QuickBooks copy.

3 Refresh from QuickBooks

Finance mirrors QuickBooks. Use **Sync** in the header to pull in the latest invoices and payments.
